

GINGERELY YOURS,  
**HELSINKI DRY GIN**

# HELSINKI DRY GIN

Helsinki Dry Gin is an artisanal, premium gin distilled with nine choicest hand-picked botanicals including the Arctic lingonberry. Blended with the purest Finnish water, Helsinki Dry Gin is full-bodied and balanced, with aromas of the Nordic forest and floral citrus flavours.

The unique taste of Helsinki Dry Gin comes from Finnish lingonberries, rich Balkan juniper and Seville orange and lemon peels. Furthermore in the palate are fennel and coriander seeds, Orris root, Angelica root and a small, but important, pinch of rose petals.

As a proof of our quality, every bottle is individually numbered and carries the signature of our Master Distiller Mikko Mykkänen.

Helsinki Dry Gin is excellent to be sipped as a stand alone or with an espresso like grappa. It is wonderful in a classic Gin & Tonic and works perfectly as a basis for premium gin cocktails.

Helsinki Dry Gin is packed in a handsome half-liter bottle crowned with a clear glass closure. The gin is distilled in a traditional strength of 47% vol. to heighten the palate and achieve a smooth, pleasant mouth feel. As Helsinki Dry Gin is full of aromatic oils and is not chill filtered, it may go a bit misty in cocktails. The gin is sold in boxes of six bottles.

“Most gins are designed to be a component, rather than a stand alone. Not Helsinki Dry Gin. It is a superb stand alone. Round, smooth and deep from lips to throat, full of subtle character. It’s a friendly, easy taste that gets more complex as you savour it. Like all friends.” – One happy drinker
